EPISCOPAL ANGLICAN
DIOCESE OF EGYPT
إيرشبة الكنيسة الأنجليكانية في مصر

***Our vision** is to carry the word of God to the youth in our community, welcome them as members of the body of Christ and to build the youth as mature disciples of Christ. Also, to enable them in their calling and commission them to the world.*

How it started?

Our training began with requiring the youth leaders to sign up for two courses per semester at the Alexandria School of Theology as part of their training. In parallel, leaders were divided into groups for following up through zoom meetings. The courses were useful yet it was demanding to commit to the AST schedule. So, we thought to replace it with intensive conferences that will enable us to build more relationship with the youth leaders.

2021, Short videos for the 39 articles

Simultaneously with the classes at AST, we produced a short field series explaining the thirty-nine articles on religion. Archbishop Samy Shehata, Archbishop Mouneer, Mr. Shady Anis, and the Rev. Mark Senada shortly addressed each article in three to four minutes. This series allowed the youth leaders to know more about the Anglican faith and theology in the Christian community. Some local churches use this series for confirmation lessons.

Where we are?

April 2022 The program started with an orientation day, to bring the leaders together and encourage them to continue the journey of learning through the training conferences that started soon after. The orientation day was held in the building of the Diocese. We shared the strategic planning for the next three years for youth leaders and young people and had a time of worship and fellowship. Also, we took some time to respond to questions of leaders on how they could function in their local ministries. This day encouraged the leaders to commit to the upcoming training journey.

June 2022 Our first training conference was attended by 50 youth leaders from local churches. We started by giving them an introduction to Bible discussing some important topics like the “general revelation, special revelation, inerrancy”, etc. In addition, we had workshops to train the leaders to write their statements of vision and mission of their local youth ministries.

August 2022 Our second training conference was attended by 67 Youth leaders from local churches. It’s main topic was “The Trinity”. And we focused on “Leadership skills” in the leaders training.
